

# ANNUAL EDITORIAL INDEX

(JANUARY—DECEMBER 2004, VOLUME 21)

Reprints of all articles are available. Contact Linda Barrier at 800-225-4569 or lbarrier@advanstar.com.

## AUTHORS

**Adger Jr. H, Macdonald DI, Robinson P, Wenger S**

Helping children in families stricken by substance abuse. 52, Dec

**Agin MC**

The "late talker"—when silence isn't golden (CME). 22, Nov

**Akintemi O: see Holmes AV**

**Aikuraya FS, Turnacioglu S, Siberry GK**  
Baffling jaundice at 5 weeks: Are you being watched, Doctor? (Puzzler). 20, Jan

**Anderson JE**

"Nothing but the tooth": Dispelling myths about teething. 75, Jul

**Anderson RL: see Feingold M**

**Andrease M**

How to recognize and manage herpes simplex virus type 1 infections. 41, Feb

**Arav-Boger R: see Assia A**

**Asch-Goodkin J**

For tomorrow's children: Vaccines on the horizon. 47, May

The 2004 immunization schedule: Small change and shorter shelf life. 89, Feb

To three comrades who passed, a tribute. 9, Dec

**Assia A, Arav-Boger R, Spirer Z, Siberry GK**

Rising temperature, stiff neck: Your sixth sense and a 4-year-old girl (Puzzler). 17, Aug

**Bar-David Y: see Urkin J**

**Barker J: see Litten JB**

**Baroness JA: see Fleischman AR**

**Bennett HJ**

Clinical Tips: A baker's dozen. 106, Jan

**Bonett K: see Gershkovich I**

**Bortot AT, Cromwell PF, Riaser WL**

Coping with pelvic inflammatory disease in the adolescent (CME). 33, Apr

**Branch F, McMillan JA**

Boy, interrupted. 8, Sep

**Bridgemohan C: see Roberts G**

**Buchanan T: see Karian VE**

**Carter C: see Youngblade LM**

**Chinsky J: see Cohen J**

**Christophersen ER: see Murtweet SL**

**Cohall A, Cohall R**

Why you should consider "messaging" with your patients and parents by e-mail and the Web. 76, Oct

**Cohall R: see Cohall A**

**Cohen BA**

A baby, a cutaneous lesion—and an efficient approach to recognition and management (CME). 28, Jul

Another baby and another cutaneous lesion—and more on efficient recognition and management. 39, Oct

**Pediatric dermatology: What's your Dx?** 35, Jan

**Pediatric dermatology: What's your Dx?** 16, Apr

**Pediatric dermatology: What's your Dx?** 15, Jul

**Cohen J, Chinsky J, Huffman J, Siberry GK**

On-off vomiting and altered mentation in a 9-year-old: Avoiding mental block (Puzzler). 16, Mar

**Cohen M: see Kemper KJ**

**Collins J, Johnson SL, Krebs NF**

Screen for and treat overweight in 2- to 5-year-olds? Yes! (CME). 60, Oct

**Congenital JA: see Walter KD**

**Conway EE: see Nakagawa TA**

**Cromwell PF: see Bortot AT**

**Crownover BK**

Respiratory problems in a newborn: When the grunting and flaring won't go away. 57, Jun

**Davis BW: see Natrass K**

**Ey J: see Nelson K**

**Feingold M, Anderson RL**

Lessons and tactics to lead the charge against lead poisoning. 49, Apr

**Ferguson LE, Mothner BA**

He won't walk and isn't talking much—what's the next step for a 2-year-old? 16, Nov

**Fine AM, Greenes D, Siberry GK**

"R/O appy" in a 10-year-old—but how to pin down a diagnosis? (Puzzler). 24, May

**Fleischman AR, Baroness JA**

Adolescent suicide: Vigilance and action to reduce the toll. (CME) 27, Dec

**Forster J: see Schuman AJ**

**Gazala E: see Urkin J**

**Gephart HR**

The evolving role of pediatrics in the 21st century. 68, Jul

The evolving role of pediatrics in the 21st century: The competent physician. 50, Aug

The evolving role of pediatrics in the 21st century: 12 roles for a pediatrician. 95, Sep

**Gershkovich I, Bonett K, Rosenberg J, Sood SK, Siberry GK**

Sore throat, fever, intensifying malaise and abdominal pain: Will *le diagnostic* escape you? (Puzzler). 24, Oct

**Godbole A, Siberry GK**

Fever and cough persist, a faint rash comes on: Another viral syndrome? (Puzzler). 24, Jul

**Goldenberg JM, Rosen DS**

Getting into adolescent heads: An essential update. 64, Jan

**Greenes D: see Fine AM**

**Hall CB: see Walker RD**

**Harrison CJ**

How will the new guideline for managing otitis media work in your practice? (CME). 24, Jun

**Holmes AV, Akintemi O, Siberry GK**

An 8-year-old with fever and cholestasis (Puzzler). 29, Sep

**Hubbard E: see Stelwagen LM**

**Huffman J: see Cohen J**

**Humphreys EH: see Solomon G**

**Jana LA**

Birthdays, anniversaries, and the passing of time—for children (Bookshelf). 38, Feb

For the love of books, start an office-based program to promote early literacy (Bookshelf). 89, Jul

**Johnson SL: see Collins J**

**Karian VE, Buchanan T, Liang M, Lord D**

"But they told us she had a hemangioma. . . ." 51, Jul

**Karp H**

The "fourth trimester": A framework and strategy for understanding and resolving colic. 94, Feb

**Kemper KJ, Cohen M**

Ethics meet complementary and alternative medicine: New light on old principles. 61, Mar

**Kramer RE: see Litten JB**

**Krebs NF: see Collins J**

**Liang M: see Karian VE**

**Litten JB, Kramer RE, Romaguera R, Barker J, Tamer A, Siberry GK**

Can it be IBD? Severe abdominal findings overwhelm a 12-year-old. 20, Dec

**Lord D: see Karian VE**

**MacCollin M: see Natrass K**

**Macdonald DI: see Adger Jr. H**

**McMillan JA**

Are you ready for expanded screening of newborns? 8, Dec

Does flexibility help when it comes to a practice guideline on otitis? 7, Jun

Imagining the future of pediatrics. 8, Jul

Keeping the homeland secure. 8, Nov

Present, past, and future: Special times for *Contemporary Pediatrics*. 10, Jan

Quite a challenge for pediatricians: Improve the lives of the elderly. 9, Mar

Real evidence: Sometimes hard to come by, now more accessible. 9, May

Speaking about illness, what's in a name? 13, Feb

The Brave (but maybe not so New) World of adolescent medicine. 7, Apr

The burden of unsuccessful attempts at miracles. 7, Aug

Widening recommendations for influenza immunization: Challenge and opportunity. 9, Oct

**McMillan JA: see Branch F**

**Metz J: see Metz JD**

**Metz JD, Metz JA**

Shin pain in an adolescent soccer player: A case-based look at "shin splints" (CME). 36, Sep

**Miller MD: see Solomon G**

**Milinsky J: see Siegel B**

**Mortweet SL, Christophersen ER**

Coping skills for the angry/impatient/clamorous child: A home and office practicum. 43, Jun

**Mothner BA: see Ferguson LE**

**Nakagawa TA, Conway EE**

Shaken baby syndrome: Recognizing and responding to a lethal danger (CME). 37, Mar

**Natrass K, Davis BW, MacCollin M, O'Brien S, Patronek G**

In puppy love: How an assistance dog can enhance the life of a child with a disability. 57, Jan

**Nelson K, Ey J, Siberry GK**

Irritability, leg pain, and more in a long month of a boy's short life (Puzzler). 12, Jun

**O'Brien S: see Natrass K**

**Patronek G: see Roberts G**

**Patronek G: see Natrass K**

**Polack FP: see Serra ME**

**Raffalli PC**

I've learned to toss a pie in the face of disease. 80, Dec

**Raj GV, Wiener JS**

Varicoceles in adolescents: When to observe, when to intervene (CME). 39, Jan

**Riaser WL: see Bortot AT**

**Roberts G, Bridgemohan C, Palfrey J**

A rational approach to the medical evaluation of a child with developmental delay. 76, Mar

**Robinson P: see Adger Jr. H**

**Romaguera R: see Litten JB**

**Rosen DS: see Goldenberg JM**

**Rosenberg J: see Gershkovich I**

**Schmitt BD**

Toilet training: Getting it right the first time. 105, Mar

Toilet training problems: Underachievers, refusers, and stool holders. 71, Apr

**Schuman AJ**

New products for pediatrics. 93, Jan

New products for pediatrics: 2004. 39, Dec

**Schuman AJ, Forster J**

That was then, this is NOW!

Contemplating 20 years of pediatrics. 50, Sep

**Serra ME, Polack FP, Witteveen R**

The human

metapneumovirus: What

impact on your patients?

(CME). 63, Feb

**Siberry GK: see Aikuraya FS**

**Siberry GK: see Assia A**

**Siberry GK: see Cohen J**

**Siberry GK: see Ferguson LE**

**Siberry GK: see Fine AM**

**Siberry GK: see Gershkovich I**

**Siberry GK: see Godbole A**

**Siberry GK: see Holmes AV**

**Siberry GK: see Litten JB**

**Siberry GK: see Nelson K**

**Siberry GK: see Slamon N**

**Siberry GK: see Young J**

**Siegel B, Milinsky J**

When should the possibility of a genetic disorder cross your radar screen? (CME). 30, May

**Slamon N, Siberry GK**

Red urine—a red herring?—in an active 6-year-old (Puzzler). 25, Apr

**Solomon G, Humphreys EH, Miller MD**

Asthma and the environment: Connecting the dots. 73, Aug

**Sood SK: see Gershkovich I**

**Spirer Z: see Assia A**

**Starr C**

Take time today to prepare your patients for their golden years. 37, Nov

**Stelwagen LM, Hubbard E, Vaux K**

Look for the "stuck baby" to identify congenital torticollis. 55, May

**Turnacioglu S: see Aikuraya FS**

**Tamer A: see Litten JB**

**Urkin J, Bar-David Y, Gazala E**

Cleaning earwax: Why you shouldn't play it by ear. 73, Feb

**Vaux K: see Stelwagen LM**

**Walker RD, Hall CB**

Putting recommendations for influenza immunization into (real-world) practice. 31, Oct

**Walter KD, Congeni JA**

Don't let Little League shoulder or elbow sideline your patient permanently. 69, Sep

**Wenger S: see Adger Jr. H**

**Wiener JS: see Raj GV**

**Witteveen R: see Serra ME**

**Young J, Siberry GK**

Fussy, febrile, and 5 months old: Can you take him at face value? (Puzzler). 24, Feb

**Youngblade LM, Carter C**

Counseling parents on infant day care: How to do it effectively. 54, Aug

**Zimmer SH**

Tourette syndrome—much more than tics. Part 1: Moving beyond misconceptions to a diagnosis (CME). 22, Aug

Tourette syndrome—much more than tics. Part 2: Management tailored to the entire patient (CME). 38, Aug

Continued on page 86

## ANNUAL INDEX

### SUBJECT

#### ADOLESCENCE

Adolescent suicide: Vigilance and action to reduce the toll (Fleischman, Barondess; CME). 27, Dec  
Coping with pelvic inflammatory disease in the adolescent (Bortot et al; CME). 33, Apr  
Getting into adolescent heads: An essential update (Goldening, Rosen). 64, Jan  
Varicoceles in adolescents: When to observe, when to intervene (Raj, Wiener; CME). 39, Jan  
**ALTERNATIVE MEDICINE**  
Ethics meet complementary and alternative medicine: New light on old principles (Kemper, Cohen). 61, Mar

#### ANXIETY

Coping skills for the angry/impatient/clamorous child: A home and office practicum (Mortweet, Christophersen). 43, Jun  
Teaching your child to deal with anger (Parent guide). 54, Jun  
Use the four "P's" to teach self-quieting skills to your school-age child (Parent guide). 52, Jun  
You can teach key social skills to your child (Parent guide). 53, Jun

#### ASTHMA

Asthma and the environment: Connecting the dots (Solomon et al). 73, Aug

#### AUTOIMMUNE DISEASES

Red urine—a red herring?—in an active 6-year-old (Iupus; Puzzler; Slamon, Siberry). 25, Apr

#### BEHAVIOR AND DEVELOPMENT

A rational approach to the medical evaluation of a child with developmental delay (Roberts et al). 76, Mar

Coping skills for the angry/impatient/clamorous child: A home and office practicum (Mortweet, Christophersen). 43, Jun

For the love of books, start an office-based program to promote early literacy (Bookshelf). 89, Jul

Teaching your child to deal with anger (Parent guide). 54, Jun

The "fourth trimester": A framework and strategy for understanding and resolving colic (Karp). 94, Feb

The "late talker"—when silence isn't golden (Agin; CME). 22, Nov

Toilet training Getting it right the first time (Schmitt). 105, Mar

Toilet training problems: Underachievers, refusers, and stool holders (Schmitt). 71, Apr

Tourette syndrome—much more than tics. Part 1: Moving beyond misconceptions to a diagnosis (Zinner; CME). 22, Aug

Tourette syndrome—much more than tics. Part 2: Management tailored to the entire patient (Zinner; CME). 38, Aug

Use the four "P's" to teach self-quieting skills to your school-age child (Parent guide). 52, Jun

You can teach key social skills to your child (Parent guide). 53, Jun

#### BITES AND STINGS

Pediatric dermatology: What's your Dx? (bedbugs [cimicids]; Cohen). 16, Apr

#### BLOOD DISEASES

Lessons and tactics to lead the charge against lead poisoning (Feingold, Anderson). 49, Apr

#### CANCER

Irritability, leg pain, and more in a long month

of a boy's short life (neuroblastoma; Puzzler; Nelson et al). 12, Jun

#### CARDIOVASCULAR DISEASES

An 8-year-old with fever and cholestasis (Kawasaki disease; Puzzler; Holmes et al). 29, Sep

Rising temperature, stiff neck: Your sixth sense and a 4-year-old girl (Kawasaki disease; Puzzler; Assia et al). 17, Aug

#### CHILD ABUSE

Shaken baby syndrome: Recognizing and responding to a lethal danger (Nakagawa, Conway; CME). 37, Mar

#### CHRONIC DISEASE

In puppy love: How an assistance dog can enhance the life of a child with a disability (Natrass et al). 57, Jan

"Partnering" with an assistance dog: What you and your child must know (Parent guide). 63, Jan

#### CLINICAL TIPS

A fashionable approach to nickel allergy. 19, Jul

A neat wrap-up for stool specimens. 95, Apr

A useful freebie for asthma patients 65, Dec

A vaccine rhyme saves time. 66, Dec

Assessing the red reflex, naturally. 68, May

Dealing with the pain of herpangina. 70, May

Distraction + the power of suggestion = Successful throat cultures. 20, Oct

Eczema: Listen for the sound of silence. 23, Jul

Flip the switch on anxiety. 17, Oct

For car safety, try a little stickiness. 32, Mar

For otoscopy, ingeniously perfects technology. 20, Jun

Gone in a tick! 21, Jul

Handy codd packs for the young athlete who needs to chill. 104, Sep

Removing ticks without trauma. 16, Aug

Securing bulky bandages: Sock it to me. 31, Mar

Small scalp wounds: Get it together without stitches. 105, Sep

Trouble remembering the Tanner stages? Here's help. 120, Feb

20 questions to ask yourself as you write that prescription. 96, Aug

#### COMPUTERS

Why you should consider "messaging" with your patients and parents by e-mail and the Web (Cohall, Cohall). 76, Oct

#### CONGENITAL DEFECTS

A baby, a cutaneous lesion—and an efficient approach to recognition and management (Cohen; CME). 28, Jul

"But they told us she had a hemangioma. ..." (Karian et al). 51, Jul

On-off vomiting and altered mentation in a 9-year-old: Avoiding mental block (ornithine transcarbamylase [OTC] deficiency; Puzzler, Cohen et al). 16, Mar

Red urine—a red herring?—in an active 6-year-old (Iupus; Puzzler; Slamon, Siberry). 25, Apr

When should the possibility of a genetic disorder cross your radar screen? (Siegel, Milusky; CME). 30, May

Counseling parents on infant day care: How to do it effectively (Youngblade, Carter). 54, Aug

#### DAY CARE

Counseling parents on infant day care: How to do it effectively (Youngblade, Carter). 54, Aug

#### DEATH AND DYING

10 tips for talking with children about a parent's life-threatening illness (Parent guide). 84, May

#### DENTAL AND ORAL DISORDERS

"Nothing but the tooth": Dispelling myths about teething (Anderson). 75, Jul

#### DERMATOLOGY

A baby, a cutaneous lesion—and an efficient approach to recognition and management (Cohen; CME). 28, Jul

An 8-year-old with fever and cholestasis (Kawasaki disease; Puzzler; Holmes et al). 29, Sep

Another baby and another cutaneous lesion—and more on efficient recognition and management (Cohen). 39, Oct

"But they told us she had a hemangioma. ..." (Karian et al). 51, Jul

How to recognize and manage herpes simplex virus type 1 infections (Andreae). 41, Feb

Pediatric dermatology: What's your Dx? (bedbugs [cimicids]; Cohen). 16, Apr

Pediatric dermatology: What's your Dx? (fordyce granules; Cohen). 35, Jan

Pediatric dermatology: What's your Dx? (Rocky Mountain spotted fever; Cohen). 15, Jul

Rising temperature, stiff neck: Your sixth sense and a 4-year-old girl (Kawasaki disease; Puzzler; Assia et al). 17, Aug

#### DEVELOPMENTAL DELAY

A rational approach to the medical evaluation of a child with developmental delay (Roberts et al). 76, Mar

The "late talker"—when silence isn't golden (Agin; CME). 22, Nov

#### DIAGNOSTIC TESTS

A rational approach to the medical evaluation of a child with developmental delay (Roberts et al). 76, Mar

The "late talker"—when silence isn't golden (Agin; CME). 22, Nov

#### DIET AND NUTRITION

Screen for and treat overweight in 2- to 5-year-olds? Yes! (Collins et al; CME). 60, Oct

#### DRUG ABUSE

Helping children in families stricken by substance abuse (Adger Jr. et al). 52, Dec

Here's help. 120, Feb

20 questions to ask yourself as you write that prescription. 96, Aug

#### DRUG THERAPY

Tourette syndrome—much more than tics. Part 2: Management tailored to the entire patient (Zinner; CME). 38, Aug

#### EAR, NOSE, AND THROAT

Cleaning earwax: Why you shouldn't play it by ear (Urklin et al). 73, Feb

How will the new guideline for managing otitis media work in your practice? (Harrison; CME). 24, Jun

#### EDITORIALS

Are you ready for expanded screening of newborns? (McMillan). 8, Dec

Boy, interrupted (Branch, McMillan). 8, Sep

Does flexibility help when it comes to a practice guideline on otitis? (McMillan). 7, Jun

Imagining the future of pediatrics (McMillan). 8, Jul

Keeping the homeland secure (McMillan). 8, Nov

Past, present, and future: Special times for Contemporary Pediatrics (McMillan). 10, Jan

Quite a challenge for pediatricians: Improve the lives of the elderly (McMillan). 9, Mar

Real evidence: Sometimes hard to come by, now more accessible (McMillan). 9, May

Speaking about illness, what's in a name? (McMillan). 13, Feb

The Brave (but maybe not so New) World

of adolescent medicine (McMillan). 7, Apr

The burden of unsuccessful attempts at miracles (McMillan). 7, Aug

Widening recommendations for influenza immunization: Challenge and opportunity. 9, Oct

#### EMERGENCIES AND ACCIDENTS

Shaken baby syndrome: Recognizing and responding to a lethal danger (Nakagawa, Conway; CME). 37, Mar

#### ENDOCRINE DISEASES

Baffling jaundice at 5 weeks: Are you being watched, Doctor? (septo-optic dysplasia; Puzzler; Akuraya et al). 20, Jan

#### ENVIRONMENT

Lessons and tactics to lead the charge against lead poisoning (Feingold, Anderson). 49, Apr

#### EQUIPMENT AND SUPPLIES

New products for pediatrics (Schuman). 93, Jan

New products for pediatrics: 2004 (Schuman). 39, Dec

#### ETHICS

Ethics meet complementary and alternative medicine: New light on old principles (Kemper, Cohen). 61, Mar

#### FAMILY

Coping skills for the angry/impatient/clamorous child: A home and office practicum (Mortweet, Christophersen). 43, Jun

Helping children in families stricken by substance abuse (Adger Jr. et al). 52, Dec

Teaching your child to deal with anger (Parent guide). 54, Jun

Use the four "P's" to teach self-quieting skills to your school-age child (Parent guide). 52, Jun

You can teach key social skills to your child (Parent guide). 53, Jun

#### FEVER

Fever and cough persist, a faint rash comes on: Another viral syndrome? (murine typhus; Puzzler; Godbole, Siberry). 24, Jul

#### GENETICS

When should the possibility of a genetic disorder cross your radar screen? (Siegel, Milusky; CME). 30, May

#### GENITOURINARY DISEASES

Coping with pelvic inflammatory disease in the adolescent (Bortot et al; CME). 33, Apr

Varicoceles in adolescents: When to observe, when to intervene (Raj, Wiener; CME). 39, Jan

#### GROWTH AND DEVELOPMENT

Take time today to prepare your patients for their golden years (Star). 37, Nov

#### GYNECOLOGY

Coping with pelvic inflammatory disease in the adolescent (Bortot et al; CME). 33, Apr

#### HEAD AND NECK

Look for the "stuck baby" to identify congenital torticollis (Stellwagen et al). 55, May

Shaken baby syndrome: Recognizing and responding to a lethal danger (Nakagawa, Conway; CME). 37, Mar

What to do if your baby has torticollis (Parent guide). 66, May

#### HEMATOLOGY

He won't walk and isn't talking much—what's the next step for a 2-year-old? (spinal subdural hematoma; Puzzler, Ferguson, Mothner). 16, Nov

#### HUMOR

I've learned to toss a pie in the face of disease (Raffalli). 80, Dec

## IMMUNIZATION

For tomorrow's children: Vaccines on the horizon (Asch-Goodkin). 47, May  
Putting recommendations for influenza immunization into (real-world) practice (Walker, Hall). 31, Oct  
The 2004 immunization schedule: Small change and shorter shelf life (Asch-Goodkin). 89, Feb

## INFANT CARE

How to swaddle your baby (Parent guide). 115, Feb  
Swaddling 101 (Parent guide). 107, Feb  
The "fourth trimester": A framework and strategy for understanding and resolving colic (Karp). 94, Feb

## INFECTION

Can it be IBD? Severe abdominal findings overwhelm a 12-year-old (shigellosis; Puzzler; Litten JB et al). 20, Dec  
Coping with pelvic inflammatory disease in the adolescent (Bortot et al; CME). 33, Apr  
Fever and cough persist, a faint rash comes on: *Another viral syndrome?* (murine typhus; Puzzler; Godbole, Siberry). 24, Jul  
For tomorrow's children: Vaccines on the horizon (Asch-Goodkin). 47, May  
Fussy, febrile, and 5 months old: Can you take him at face value? (unilateral peripheral facial palsy; Puzzler; Young, Siberry). 24, Feb  
How to recognize and manage herpes simplex virus type 1 infections (Andreae). 41, Feb  
How will the new guideline for managing otitis media work in your practice? (Harrison; CME). 24, Jun  
Sore throat, fever, intensifying malaise and abdominal pain: Will *le diagnostic* escape you? (Lemierre syndrome [LS]; Puzzler; Gershkovich et al). 24, Oct  
The human metapneumovirus: What impact on your patients? (Serra et al; CME). 63, Feb

## LANGUAGE

The "late talker"—when silence isn't golden (Agin; CME). 22, Nov

## LEAD POISONING

Lessons and tactics to lead the charge against lead poisoning (Feingold, Anderson). 49, Apr

## LIFESTYLE

In puppy love: How an assistance dog can enhance the life of a child with a disability (Natrass et al). 57, Jan  
"Partnering" with an assistance dog: What you and your child must know (Parent guide). 63, Jan  
Screen for and treat overweight in 2- to 5-year-olds? Yes! (Collins et al; CME). 60, Oct  
Take time today to prepare your patients for their golden years (Starr). 37, Nov

## NEONATOLOGY

A baby, a cutaneous lesion—and an efficient approach to recognition and management (Cohen; CME). 28, Jul  
Look for the "stuck baby" to identify congenital torticollis (Stellwagen et al). 55, May  
Respiratory problems in a newborn: When the grunting and flaring won't go away (Crowner). 57, Jun  
The "fourth trimester": A framework and strategy for understanding and resolving colic (Karp). 94, Feb  
What to do if your baby has torticollis (Parent guide). 66, May

## NEOPLASMS

A baby, a cutaneous lesion—and an efficient approach to recognition and management

(Cohen; CME). 28, Jul  
"But they told us she had a hemangioma. ..." (Karian et al). 51, Jul  
Irritability, leg pain, and more in a long month of a boy's short life (neuroblastoma; Puzzler; Nelson et al). 12, Jun

## NEUROLOGY

Shaken baby syndrome: Recognizing and responding to a lethal danger (Nakagawa, Conway; CME). 37, Mar  
Tourette syndrome—much more than tics. Part 1: Moving beyond misconceptions to a diagnosis (Zinner; CME). 22, Aug  
Tourette syndrome—much more than tics. Part 2: Management tailored to the entire patient (Zinner; CME). 38, Aug

## OBESITY

Screen for and treat overweight in 2- to 5-year-olds? Yes! (Collins et al; CME). 60, Oct

## OPHTHALMOLOGY

Baffling jaundice at 5 weeks: Are you being watched, Doctor? (septo-optic dysplasia; Puzzler; Alkuraya et al). 20, Jan

## ORTHOPEDICS

Don't let Little League shoulder or elbow sideline your patient permanently (Walter, Congeni). 69, Sep  
He won't walk and isn't talking much—what's the next step for a 2-year-old? (spinal subdural hematoma; Puzzler, Ferguson, Mothner). 16, Nov  
Look for the "stuck baby" to identify congenital torticollis (Stellwagen et al). 55, May  
"R/O appy" in a 10-year-old—but how to pin down a diagnosis? (slipped capital femoral epiphysis; Puzzler; Fine et al). 24, May  
Shin pain in an adolescent soccer player: A case-based look at "shin splints" (Metz, Metz; CME). 36, Sep

What to do if your baby has torticollis (Parent guide). 66, May

## OTITIS

Fussy, febrile, and 5 months old: Can you take him at face value? (unilateral peripheral facial palsy; Puzzler; Young, Siberry). 24, Feb  
How will the new guideline for managing otitis media work in your practice? (Harrison; CME). 24, Jun

## PAIN MANAGEMENT

"Nothing but the tooth": Dispelling myths about teething (Anderson). 75, Jul

## PARENT GUIDE

Considering or attempting suicide: Is your teenager at risk? 36, Dec  
How to swaddle your baby. 115, Feb  
"Partnering" with an assistance dog: What you and your child must know. 63, Jan  
Preventing lead poisoning. 67, Apr  
Preventing Little League shoulder and elbow. 91, Sep

Simple and sensible ways to improve your young child's eating habits. 75, Oct  
Stool holding: When your child holds back bowel movements and is not toilet trained. 81, Apr  
Swaddling 101. 107, Feb  
Teaching your child to deal with anger. 54, Jun  
The essentials of teething. 88, Jul  
Toilet training resistance: Daytime wetting and soiling. 78, Apr  
Toilet training your child: The basics. 120, Mar  
Use the four "P's" to teach self-quieting skills to your school-age child. 52, Jan  
Using incentives to motivate your child. 80, Apr

What to do if your baby has torticollis. 66, May  
What to do if your child should be talking—but isn't yet. 33, Nov

You can teach key social skills to your child. 53, Jun

10 tips for talking with children about a parent's life-threatening illness. 84, May

## PARENTING

Birthdays, anniversaries, and the passing of time—for children (Bookshelf; Jana). 38, Feb  
Coping skills for the angry/impatient/clamorous child: A home and office practicum (Mortweet, Christophersen). 43, Jun  
Counseling parents on infant day care: How to do it effectively (Youngblade, Carter). 54, Aug  
Teaching your child to deal with anger (Parent guide). 54, Jun

The "fourth trimester": A framework and strategy for understanding and resolving colic (Karp). 94, Feb
